

## RECENT OPERATIONS

By Paul Rardin

I see by the papers where West Palm Beach is going to advance the clock an hour on April 28. What does that do to the balance of the county? Ordinarily it takes me an hour to drive to the court house. Under the new set-up it will take two hours to get there but I will be coming home in nothing flat!

Now comes another shortage of labor. A flat price of 70c for bean picking has been broadcast over the country in an effort to round-up a few pickers to take care of the spring crop. If it isn't one thing to worry the farmers it is something else. I am glad I'm a country newspaper editor.

I asked a celery growing friend of mine the other day a few pertinent questions about celery. I think the answer that came nearer to flooring me than any other was in regard to the cost of growing the luscious weed this season. \$327 an acre was what it cost him to grow his. I'm not planning to grow any celery next year.

Personal to Howard Haney and Hap Parsons: I'm glad you've been named to the roads committee of the Belle Glade chamber of commerce. The county needs a lot of good help and you fellows should be plenty good in this line.

Bob Douthitt in Pahokee is an active candidate for mayor and his formal announcement will appear in next week's paper, so he told me last night.

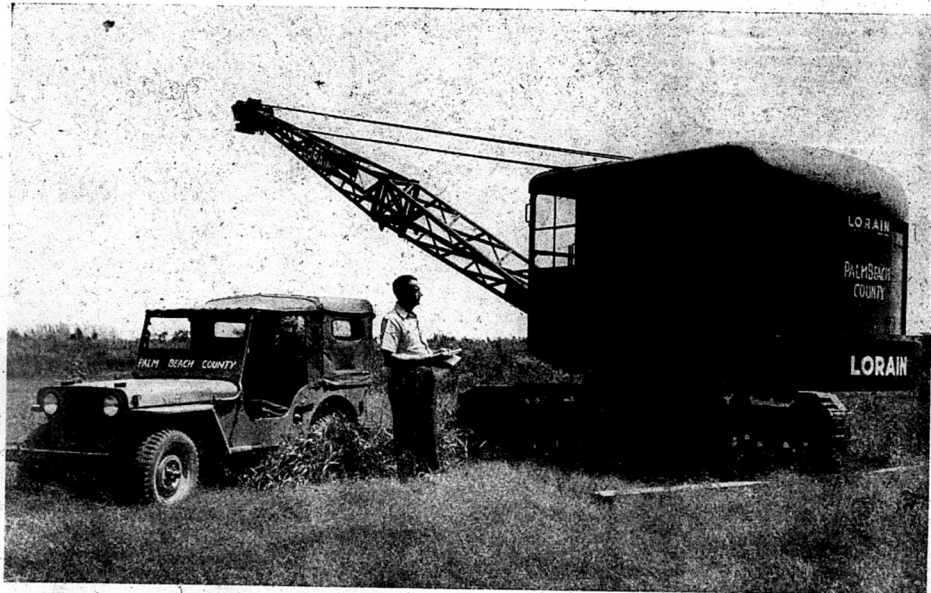

## Bible Class Will Occupy New Edifice Sunday Morning

An event long prayed and hoped for will come into being with The Pahokee Men's Bible Class occupying its new building this Sunday morning. This structure, one of the finest of its kind in this area, was built under the supervision of N. D. Evans. The craftsmanship of this mechanic is worthy of commendation of the highest. This beautiful edifice is thirty two feet by one hundred. A large kitchen which will play its part in the fellowship programs in the days to come utilizes twelve feet.

It is the thought of the officials and members that this building shall be shared with those of the community whose organizations are like minded in endeavors for the upbuilding of society. Words of praise are fully in order to the building committee, H. L. Jaudon, Chairman; H. Unwin, W. Tillis, T. B. Wilson and E. Keen. The dedicatory service will be conducted in the near future.

The special Easter program planned for this Sunday will consist of much music, with the Class Quartet, Messrs. Butler, Spooner, Wood, Cowart and Grimes (alternate), presenting three selections, with Cowart conducting the usual enthusiastic song service. President L. Jaudon will lead. Rev. C. A. Moberg, teacher, will present the lesson, "The Resurrection of our Lord and Saviour Jesus Christ." Some two months ago the membership committee, Messrs. E. Keen, T. W. Knight and C. L. Shirley Proposed an Easter goal of 150. This was adopted, hence, attainment of this is looked forward to with keen anticipation. Every unaffiliated man of this community is most cordially invited to attend. All ex-convicts

## Rardin Gets New Dragline To Build County Roads In Everglades Region

IT'S HERE! In the Everglades! A brand new county dragline assigned to County Commissioner District No. 5 to build roads. Despite a war on two fronts, strikes on many fronts and other adverse circumstance Paul Rardin, county commissioner from the Everglades of Palm Beach County, has been successful in securing for this district a brand new dragline which he plans to use in carrying out his road building plans. The new machine cost just a fraction less than \$14,000 and is equipped with a full diesel by Caterpillar. It will be put to work immediately by Commissioner Rardin. Alongside the new dragline stands a four wheel drive Jeep recently purchased by the county for Rardin's district and it will be used to "tend" the dragline. The Jeep is ideal for carrying a barrel of fuel and a can of grease across rough land to the site of dragline operations. It cost \$1,305.00 and has been assigned to this district.

## Ed Jensen Talks To Boy Scout Troop

Edward A. Jensen, Pahokee Postmaster and amateur photographer, gave a talk on "Cameras and Photography" at a meeting of Troop 23 in the Pahokee scout hut Thursday evening of last week. To give local scouts an opportunity to acquire merit badges for photographic work, Mr. Jensen offered to lend the troop his dark room film developing equipment as soon as the scouts build a dark room. Scoutmaster Jack Phillips named Murray Weeks official bugler of the up-and-coming Troop 23.

## Recreational Group To Perfect Plans For Park Equipment

Members of the Pahokee Recreational Council voted Monday night in regular meeting to have a definite plan drawn up by an engineer to show location of equipment and buildings to be placed on the recreational grounds on Bacon Point Road. John T. Pickett was assigned the job and he told council members that he would have a plan ready for them in two weeks.

In the over-all plan there are to be tennis courts, a swimming pool, barbecue pits, horseshoe courts, shuffle board courts, baseball diamond and it calls for some definite planning in order that equipment and buildings may be placed to best advantage and not be thrown up haphazardly.

## Revival Meeting Starts Sunday Nite

Rev. Guy Owens of West Flagler Park Baptist Church will be with the Canal Point Baptist Church for the next two weeks in Revival services. The Revival will get under way at the evening service Easter Sunday with the regular pastor doing the preaching. Rev. Owens will come to the Church the following day and continue through the first Friday in May. Services will begin each night at eight o'clock and the public is most cordially invited and urged to come. Good singing, good preaching, good fellowship! Come, worship, and pray with us.

The Woman's Club will conduct a luncheon meeting at the clubhouse on Tuesday at 12:15.

## Swimming Pool Drive For \$15,000 Set For Tuesday

Next Tuesday—April 23 — will tell the tale whether or not Pahokee and Canal Point communities will have a swimming pool as a feature of the new recreational park to be located on Bacon Point road. Pahokee Lions club is sponsoring the movement to raise \$15,000 to finance the project and they have set next Tuesday as the day to raise the necessary funds.

As a preliminary the Lions have already rounded up a sum in the neighborhood of \$3,000 through subscription and straight out donations to the project. This amount is a long way from the needed \$15,000 to construct the 40x100 foot pool with all its necessary appurtenances. However, members of the club are optimistic over the outlook for next Tuesday's drive.

At Tuesday's meeting of the Lions club eight teams of two men each were arranged to make the drive. They have been assigned their sections of town and have their lists of prospects. A concerted effort will be made next Tuesday to raise the necessary funds to install the pool.

After a determined effort is made and it is found that citizens of the two communities are not interested enough to carry out the project, then the Lions will return the checks they have on hand and call the whole thing off.

Next Tuesday tells the tale—whether Pahokee and Canal Point will have a swimming pool. It's going to cost \$15,000. Will you kick in your share?

## No Medical School

Colin English, state superintendent of public instruction, has asked Southern medical college not to exclude Florida students who have no medical school in their home state. All medical schools have limited enrollments and long waiting lists, Mr. English says, and are giving preference to students who come from the state in which the college is located. This makes it tough for Floridians.

Incidentally it comes as something of a shock to learn that the great state of Florida, with all its money and all its other superlatives, has no medical school. — Sanford Herald.

## Federal Payrolls Grow

Federal civilian payrolls in the executive branch of the government increased by 30,368 names during last January alone, with a total cost to taxpayers of \$60,736,000 a year, according to Senator Byrd of Virginia. The January total of federal civil employment inside the U. S. was 2,511,158, with an additional 435,789 employed outside the country. Senator Byrd and his congressional committee recommended a cut to not more than 1,000,000 employees. — St. Augustine Record.

## Life On The Campus

AT PAHOKEE HIGH SCHOOL

The sophomore class tried something new in Pahokee High School on Friday night when they sponsored a dance for the benefit of the Junior Red Cross. The admission was a gift for some man in the Veteran's Hospital in Key West. The Red Cross on white background constituted the decorations in the school gymnasium, the setting for the dance. Two boxes, also in red and white with the Red Cross on front received the gifts, each wrapped in an attractive manner. Everyone joined in the spirit of the affair which was considered a huge success by all concerned.

We have been asked to participate in the Cancer Drive. The Business and Professional Woman's Club is handling the drive in this area and is anxious for the students and parents to become acquainted with the work of the American Cancer Society. Please contribute as much as you possibly can.

There was a special matinee Tuesday at 2 o'clock, for the students of the schools to see the movie "Wilson". It is a very historic and dramatic picture that all high school students should see. It is a special benefit for those who are taking American History in their high school courses.

The Palm Beach County schools will be closed this Friday—Good Friday.

## Seek Abolition Of OPA Controls Over Fresh Citrus Fruit

WASHINGTON—Appearing before the House Banking and Currency Committee recently Muri E. Pace, general manager of the United Growers and Shippers of Orlando, and J. Wayne Reitz, economic counsel for the organization, pled for the abolition of OPA controls over fresh citrus fruits on the grounds that the supply equals the demand and that, exemptions from OPA are justified. Pace and Reitz pointed out that the Florida citrus industry had increased its production of oranges by 106 per cent over pre-war years, and told the committee the government was taking only 1,000,000 cases of canned citrus products this year compared with 19,000,000 from the 1944-45 crop.

"Therefore," they said, in a prepared statement, "when one considers the over supply of both fresh and canned citrus, the adequacy of the supply for American consumers becomes apparent."

"We feel that when any commodity, whether it be agricultural or otherwise, reaches a supply level, the need for price control no longer exists."

OPA lifted citrus controls in December, but reinstated them, over the industry's objections when prices went up.

Candidates for city offices in the May 7 election spoke their pieces before members of the Veterans Progressive Organization at a special VPO meeting in the city hall Tuesday evening.

At a business meeting following the political speeches the VPO decided not to conduct a straw vote nor give public support to any candidates this year as it is still in the process of organization and does not as yet have the prestige to make such action feasible.

The president named a constitution committee which will receive for consideration from members any suggestions for improving the VPO constitution and by-laws.

The group promised its active support of any candidates elected who strive for more progressive and efficient municipal government.

**Celery Harvester Being Tried Out In Sarasota Fields**

Lake Okeechobee Region farmers are hopefully looking forward to the day when mechanical harvesters will be perfected to take care of their winter crops and thus eliminate the headache that comes each season in dealing with colored laborers. Year in and year out the local growers are at the mercy of the laborers—paying whatever he demands and at times adding premium to that demand. With perfection of mechanical harvesters this headache would be eliminated.

Of interest then is the story out of Sarasota where a mechanical celery harvester is being tried out. A mechanical bean harvester has been tried but not perfected. The sugar company is working on a mechanical cane harvester. Any one or all three would be a great boon to the Lake Region.

In regard to the celery harvester a story out of Sarasota has the following to say:

"Producers and shippers in the Sarasota celery-growing area, are showing keen interest in a series of demonstrations of a new machine which they believe may do away with the present harvesting-by-hand method.

"The harvesting machine, developed by Willard Silva, secretary-treasurer of the Muckland Celery Company, straddles the row of celery, and two whirling disc cutters, hydraulically adjusted for depth, move below the surface of the ground and cut the roots. An-

other pair of cutters snips off the tops of the plant.

"As the machine moves on, it leaves behind a row of celery stalks of uniform length and lying in one direction to make it easier for field hands to pick them up and crate them.

"It cuts 10 times as much celery as the hand-operated cutter and spoils only one-fifth as much, farmers observing the demonstration reported. It produces a more uniform pack right on the field, and thus also saves time and labor in the packing plant, which has to trim much of the hand-cut celery.

"Silva said he intended to establish a plant in Sarasota to build the harvesters."

J. E. England, former Pahokee resident and master carpenter, is seriously ill at the home of his son, Clyde England, at Military Trail.

You'll want a membership in the swimming pool deal being worked up by the Pahokee Lions Club. Tuesday they'll be a-seein' you.

A new church was recently finished in Pahokee and a new one is to be dedicated soon at Clewiston. In the new city Rev. Mason has assisted for erection of another new church.

Mister, can you spare a hundred? A few donations of that size and the swimming pool project would be assured. If you can't spare the hundred, the Lions will take fifty.

## Junior Baseball Team In Training

The American Legion Junior Baseball Team, sponsored by Post 90, received its first call for practice by its trainer, Steve Brown, on Lairs Athletic Field Monday afternoon.

All boys in the community from 14 to 16 years old and also those who reached 17 years after Jan. 1, 1946 are eligible to try out for the team. Coach Brown will select 15 boys from this group to play on the team and games will be scheduled with Legion junior teams of other communities.

New uniforms for the junior team have been ordered and are expected to arrive within the next three or four weeks.

## Supper Time Juice Delay Brings Fast Work By Crew

Pahokee and Canal Point were without electricity Tuesday afternoon from 5:15 until 7:31 p. m. A transformer located between the power plant and the office in Pahokee short-circuited and caused damage which brought about the delay in transmission of juice to the affected areas. A reporter from this newspaper went to the scene of the mishap and saw a crew of linemen—13 or 14 in all—scurrying about—climbing tower and yon over the high tower on which the switches, etc., are located—working untiringly to hasten a switch-over which would re-light Pahokee and Canal Point.

Standing on the ground—immediately under the workmen—was Earl Schultz, district supervisor, cool, calm and collected, giving instructions in a quiet tone of voice—watching the dozen or more men and their every move. In the background—answering questions from an inquiring public—was Pete de Moya. Pete was chewing his nails, smoking one-fag after another, nervously looking at his watch, counting the passing minutes as darkness neared and he realized that Pahokee and Canal Point were in the dark with no juice to cook supper and no lights. Could you blame him for being a bit jumpy? Through it all he came up with that ever present smile, and a cheery answer that things would be normal in "just a few minutes." His promise was made good at 7:31 p. m.

It was a swell job that the fellows did in an emergency. They were a little late—getting home to their supper but they remained on the job so that you and I could have ours.

## FOR MORE AND BETTER . . .

## Telephone Service

MORE equipment—more people—more of everything is being added as fast as possible to furnish more and better service.

During the year, central office equipment and other types of telephone plant will be added in nearly every place served by us. In many other places new buildings will have to be constructed or enlarged and equipment installed, before those now waiting for telephones can be served.

In the meantime, central offices are crowded with more calls than ever before. As a result, you may sometimes experience delays on your calls.

When that happens, you can help by answering your telephone promptly and when you make a call by giving the other party at least a minute's time to answer before hanging up. It will also help if you will always make sure of the number by looking it up in the directory before making a call.

Telephone folks are trying hard to give you good service with a smile and appreciate your cooperation.

Surely this area desires to do its best, hence, it is respectfully requested that this last week shall find Box 823 and Telephone 539 deluged that the blessing of physical resurrection for those disabled shall be the result of our thoughtfulness.

## Pickett Awarded Legion Of Merit

John T. Pickett of Pahokee received this week the Legion of Merit decoration for outstanding services rendered while he was stationed in China during the war. Mr. Pickett was discharged March 1, 1946, and held the rank of major.

The citation, by order of the Secretary of War, reads as follows: "Major John T. Pickett, U. S. Army Corps of Engineers, is awarded the Legion of Merit for exceptionally meritorious conduct in the performance of outstanding services from Mar. 1, 1944 to June 21, 1945 as Resident Engineer in charge of construction, maintenance repairs, demolition, evacuation and bomb disposal at Hengyang, Siang Tang, Suichuan and Sincing Airbases in Eastern Central China.

"Major (then Captain) Pickett's initiative, leadership, keen intelligence and superior ability in the development of a locally producible anti-aircraft mount and instructing and supervising allied forces in airfield demolition and booby trap technique aided materially in efforts to delay Japanese offensives in this area. In the summer of 1945 he personally led small engineer teams into the recaptured fields of Kweilin, Tanchuk and Shanghai, displaying the same exemplary characteristics as during the earlier period."

Major Pickett received his discharge from the Army on Mar. 1, 1946 after three years and three months in the service and two years of duty overseas in China. He is also a veteran of World War I and was recently elected first vice commander of the local American Legion, Fred and Percy Mansfield Post 90.

## Cinematic Chatter

By Malcolm Millar.

One of the most interesting shows yet to be screened at the Prince Theatre will be presented this coming Sunday-Monday. This piece is "Captain Eddie", which stars Fred MacMurray and Lynn Bari.

This tale is one about the Ace Flyer of World War 1, and is about as an exciting adventure as any person can desire to live through. It takes Eddie from his youth and brings him up to World War II, depicting faithfully the experience of himself as some of his crew mates, adrift in mid-ocean on a raft for many agonizing days and nights.

Tuesday-Wednesday brings back to our screen a picture that many folks have wanted to see again. This one is "Jesse James" with Tyrone Power, Henry Fonda, Nancy Kelly and Randolph Scott. For the Thursday-Friday offering comes one of the biggest and most thrilling Western tales to come to the screen since "Union Pacific."

This one is "Dakota" and has John Wayne and Vera Ruba Ralston as its stars and a huge cast of featured players with Walter Brennan and Ward Bond heading the list.

It is truly a magnificent drama, with so much action one is left breathless following this exciting romance.

Saturday lists a double feature with Zane Grey's "Wanderer of the Wasteland" heading the bill and bringing a new star into your observation, James Warren.

Second picture on this bill is "Dick Tracy" which stars Anne Jefferys and Mike Mazurki in an exciting tale taken right out of the famous detective's pages.

With this double feature will come the current news, a selected short subject and another exciting chapter in the serial we all are following.

See you at the movies—Mal.

Ten nice fresh crisp hundred dollar bills will go a long way toward building the new swimming pool in Pahokee.

## George Belk, Jr., Is Awarded 12 Merit Badges By Troop 23

George Belk, Jr., a member of Pahokee Boy Scout Troop 23, was awarded 12 merit badges and advanced to the rank of Star Scout at a North Glades District court of honor and cookout held for Boy Scouts, Cub Scouts and Sea Scouts on the Methodist Church grounds in Pahokee Friday night.

Young Belk received merit badges for poultry keeping, safety, first aid, public health, personal health, home repair, carpentry, rabbit raising, wood carving, animal husbandry, dog care and reading.

John T. Pickett, Jr., Troop 23, received merit badges for bird study, pathfinding, first aid and public health and he, too, was advanced to Star Scout rank. Merit badges for cooking, first aid and public health were received by Frank Rozelle, Jr.; first aid, by Jack Chiviges, and music, by Leland Shirley, all of Troop 23. Members of Troop 23 advanced to second class rating included Bill Kirk, George Rozelle, Gene Sowder, Jack Chiviges, Ralph Chaney, David Ramey, Bobby Mackey, Richard Smith, Otis Weaver, Gerald Bevins, Payne Jackson and Steve Kirk.

The court of honor was conducted by Alton Jones, district advancements chairman, who praised Scoutmaster Jack Phillips and his two assistants, Melvin Spooner and Jack Spencer, for their work in building up Troop 23 and promoting the scout movement in the North Glades District. Phillips was released from the Navy the latter part of 1945 and assumed leadership of the troop the first of this year. When he took over, the Pahokee troop had been inactive for several months because it had no scoutmaster. In three short months he has built up the membership of Troop 23 to nearly 40 well-disciplined, hard working scouts and the troop has accomplished more in the past three months than it did in the previous three years.

All members of Troop 23 appeared before the court of honor smartly dressed in new uniforms and after the awards they demonstrated their training in drill exercises.

The cookout, featuring a delicious chicken pilau supper with all the trimmings, was prepared and served by J. V. Thomas, district chairman of camping and activities, assisted by Frank Rozelle, Sr., Albert Fremd, Tommy Griffith, Robert Mackey, Jerry Perry and others. Frank Rozelle, Sr., district scout commissioner, introduced scout officials, parents of scouts and other guests. C. S. (Steve) Brown assisted in giving out the awards at the court of honor and later led the scouts in the playing of games.

## 50 Restaurants Closed Because Of Filth

TALLAHASSEE — State Hotel Commissioner J. Lee Ballard said Tuesday his inspector had closed some 50 Florida restaurants "because of unsanitary or unsafe conditions."

"They will not be permitted to open until they meet the full requirements of the law," he declared. Ballard said the hotel commission was launching an "intensive drive" to eliminate unsanitary or dangerous conditions in restaurants and looking places.

He warned operators "that places found to be substandard or unsanitary will be closed immediately and will not be permitted to re-open until existing deficiencies have been fully corrected."
